

JUMP FROM BUILDING TO ESCAPE FLAMES

(By Associated Press.)
DETROIT, Sept. 14.—Four men are dead, a score injured and many narrow escapes occurred at a fire that swept the Salvation Army industrial building this morning. Seventy five persons were in the building when the flames were discovered. Many who jumped from the top story may die.

DUNNE AND MANN RETURNED BY THE ILLINOIS PRIMARIES

(By Associated Press.)
CHICAGO, Sept. 14.—Former Congressman Frank O. Lowden, of Oregon, Ill., and Gov. Dunne, incumbent, were nominated by large pluralities for governor by the Republicans and Democrats, respectively, in the Illinois primaries, according to estimates based on incomplete returns.

Lowden seems to have carried Chicago by a plurality of 40,000 over Morton D. Hull, of Chicago, second man. Downstate returns indicated a heavy plurality for Lowden. Estimates from the entire state put Lowden's plurality at more than 150,000.

Dunne apparently carried Chicago over Wm. B. Brinton, of Dixon, Ill., by more than 70,000 and is running on the basis of about two to one over Brinton downstate. Approximately one-third of Chicago's vote gave Dunne 31,156 and Brinton 10,997. Early returns indicated Dunne's plurality for the entire state would exceed or equal Lowden's Chicago vote. Medill McCormick, of Chicago, was running fairly strong in some counties for congressman. James R. Mann, Republican, has been renominated by a big majority over Melbourne P. Boynton, a minister who was backed by the anti-saloon league.

William Lorimer, whose election to the Senate was declared illegal in 1911, and Arthur W. Fulton were running a close race for the Republican nomination for congressman in the district from which Lorimer served several terms in the House, according to early returns. Fulton was 155 votes ahead with approximately half of the district in, but the ward which formerly gave Lorimer his strongest support was yet to be counted. Lorimer has made a sensational attempt to "come back."

Martin B. Madden, Republican congressman from the first district, has been nominated again by a safe majority, as has Geo. Edmund Foss, Republican, in the tenth district. Congressman W. W. Wilson, Republican, won the nomination in the third district by about 3500 plurality.

LOST--A "TIN LIZZIE" AND FOUND BY POLICE

A few minutes after the eight o'clock whistle blew this morning, John Magee, of the Great Western, jumped into his working togs and rushed out to the garage to feed and water his pet machine before starting on the daily grind. At the entrance of the barn he suddenly stopped—for why should he go any farther, when Miss Ford was nowhere to be found. She was gone! Horrors! What was he going to do—for did he not have to bump many miles to and from work?

Uttering a mild imprecation, the owner decided to wreak vengeance on all implicated in the hold crime. The sheriff's office was called. No trace of the car. Bill Evans, in the police office, however, promised to run down the mystery. Bill scratched his head, stamped one foot on the floor and—An idea. Who owned the car standing at the side of the T. & G. meat market? This must be the right machine, for no one had courage enough to claim the boat.

Magee was notified and within a short time was on the scene. Sure enough, this was his dear old Eliza-beth. He wept tears over her tin flanks and vowed she never more would leave his side.

EXPRESSIVE LOU WINS THE FUTURITY

(By Associated Press.)
SYRACUSE, N. Y., Sept. 14.—Expressive Lou, Tommy Murphy's bay filly, won the \$6000 American Horse Breeders' futurity, the feature of the Grand Circuit races, with ease. The Murphy entry led the field from start to finish in both heats and crossed the line with plenty to spare.

The real contest developed in a triangular battle between Suldine, Lotta Watts and Bingen Silk. Lotta Watts finished second in the first heat after a hard stretch duel with Suldine. Lotta Watts closing fast in the last few yards to take fourth place.

The battle for honors in the second heat produced a stirring finish. Rounding the turn into the stretch, Suldine, Bingen Silk and Lotta Watts were almost on even terms, about a length behind the speeding Murphy entry. Within 200 yards of the finish Traynor whipped Suldine into second place.

Walter Cox drove Young Todd to an easy victory in the Syracuse stake for 2:17 pacers, winning in straight heats. Todd led the field in each heat.

The 2:10 trot provided a thrill when Leonard drove M. L. J. to win the final heat after finishing sixth in the first and fourth in the second.

J. T. Edwards, more familiarly known as "Tex," a prominent resident of this county, whose home is at Starr Valley, was shot through the head with a .30-30 rifle at 11 o'clock Friday morning while hunting, says the Elko Free Press.

The missile tore a hole in the head of Mr. Edwards the size of a half dollar, but failed to cause death. While working down the canyon, hunting, the party separated. One of the party shot and the bullet came tearing down the canyon, striking a boulder and ricocheting from there into Mr. Edwards' head.

The injured man was immediately rushed to the Goodale home in Starr Valley, where Dr. C. W. West was called and attended him. Dr. West made the statement that his patient was doing remarkably well; being a man of iron constitution and will power, and without complications arising later, should recover.

PREPAREDNESS

The public can be assured that we are well fortified and amply prepared to take care of our growing business. It is not an idle boast when we state that our business has expanded far beyond our highest expectation. Our best dressers will attest that our elegant fabrics, combined with the skilled art of a designer, is unapproachable this side of Fifth Avenue, New York. Five hundred patterns of the latest fall and winter creations are now ready for your inspection.

PIONEER PASTOR HAS GONE TO HIS REST

Rev. Samuel Mills, father of E. D. Mills, of the Wilkes Warehouse company, died last night at his home in Oakland and the son left this morning to attend the funeral.

The immediate cause of death was heart failure, from which deceased had suffered for some time and which was the main reason for his removal from charge of the Goldfield church, of which he was pastor for four years in the early days of the camp when the Episcopal church was struggling in the gold camp. The altitude proved too high and Mr. Mills was transferred to sea level. The elder Mr. Mills endeavored himself to every body who had occasion to need his offices and it was a matter of regret that a successor was appointed at a time when the congregation had resolved to build a handsome stone church.

Ohio Bakers Raise The Wholesale Price
(By Associated Press.)
FINDLAY, Ohio, Sept. 14.—Findlay bakers today increased the price of bread to dealers in large quantities two cents a loaf. Whether the price to others will increase will be determined within a few days by the bakers, who declare they are losing money at the present quotations, with the price of flour and materials soaring.

PLANT'S BIG YACHT BREAKS THE RECORD
(By Associated Press.)
NEW YORK, Sept. 14.—Morton P. Plant's big schooner yacht, Eleana, crossed the finish line off Ambrose Lightship at 3:31:20 p. m. yesterday and won the Cape May challenge cup from its defender, Robert E. Todd's Ketchikan, by a margin of two hours 26 minutes 49 seconds. The yacht cut two hours 39 minutes and 34 seconds from the previous record for the 214 mile coast.

DOUBLE HOMICIDE SAYS NOT GUILTY
(By Associated Press.)
ALPINE, Sept. 14.—Harry J. Spannell pleaded not guilty to charges of killing his wife and Lieut. Col. M. C. Butler, of the Sixth cavalry, while the three were riding in Spannell's car July 20 last.

HUGHES RESTING AFTER CAMPAIGN ACTIVITIES
(By Associated Press.)
BRIDGEHAMPTON, Sept. 14.—Hughes is resting from his campaign activities in his summer home here. He spent most of his time with his family and sought recreation in riding.

Are you paying through at Warrent? Are your measures excessive? Are your cars properly weighed and cleaned out at the Sampson or Smelter? Are you getting paid full value of your ore, or are you losing ore by excessive moisture and another portion by improperly cleaned cars?
"Mooch" for you. We have competent men at the various Samplers and Smelters to see that our Clients' ore are correctly weighed and sampled. That our cars are clean when weighed light, and that he gets a prompt and correct settlement for his ore. For this service and anything that may come up in interest of shipper, our charge is based on tonnage and will be furnished on application. We are saving money for others, why not for you?
